Editorial

Congratulations to all our sporting representatives in swimming, soccer, AFL, netball, cricket and basketball. It was a big week for those students who competed in the various events representing Railway Town and Broken Hill PSSA.

Michael Salmon is visiting our school on Tuesday, this is sure to be a great show for the students. Michael is a popular children's author who has published a number of wonderful stories.

Throughout this year our staff are undergoing professional development in planning for and implementing the new Australian curriculum. For this reason there will be one extra professional development day for all schools in Broken Hill at the beginning of term 2. The students will return on Wednesday 1st May. The new English curriculum is set to commence next year and the following year the Maths curriculum will be the focus of training. Other new curriculums will be implemented across Australia in the following years. Science and History will be implemented initially then PD/H/PE and Creative Arts.

Have a great week.
