

School Behaviour Support and Management Plan

Railway Town Public School is committed to explicitly teaching and modelling positive behaviour and to supporting all students to be engaged with their learning and attend school.

Railway Town Public School seeks to provide quality education for all students, considering their age, background, ability and interests. Railway Town Public School assists students to become self-directed, life-long learners who can create a positive future for themselves and the wider community.

For this to occur, Railway Town Public School promotes a culture where every student feel empowered to learn and grow with confidence. It is a safe and happy place for students and teachers. Student wellbeing is enhanced when all members of the school community participate in the learning and life of the school.

Overview

We pride ourselves on being an inclusive learning community, empowering everyone to learn, lead, achieve and succeed.

Partnership with parents and carers

Railway Town Public School partners with families in establishing expectations for engagement in developing and implementing student behaviour management and antibullying strategies, by:

- inviting parent/carer and student feedback through formal and informal means, such as social media, yarning time, school surveys, consultation with the P & C and local elders.
- using concerns raised through complaints procedures to review school systems, data and practices.

We will communicate these expectations to parents/carers through the school newsletter and social media platforms. Our school proactively builds collaborative relationships with families to create a shared understanding of how to support student learning, safety and wellbeing.

School-wide expectations and rules

Railway Town Public School implements a school wide culture with a positive approach to student wellbeing. The school core values – Be Respectful, Be a Team Player, Be Proud and Be Safe underpins all aspects of student wellbeing.

Behaviour Code for Students

NSW public schools are committed to providing safe, supportive and responsive learning environments for everyone. We teach and model the behaviours we value in our students.

The Behaviour Code for Students can be found at <https://education.nsw.gov.au/policy-library/policyprocedures/pd-2006-0316/pd-2006-0316-01>. This document translated into multiple languages is available here: [Behaviour code for students](#).

Whole school approach across the care continuum

Our school embeds student wellbeing and positive behaviour approaches and strategies in practices across the care continuum to promote positive behaviour and respond to behaviours of concern, including bullying and cyber-bullying behaviour.

These approaches and strategies are built on a foundation of evidence-based effective classroom practices that set the tone for engagement with learning and respectful relationships. These practices include:

- stating and explicitly teaching classroom expectations
- establishing predictable routines and procedures that are communicated clearly to students
- encouraging expected behaviour with positive feedback and reinforcement
- discouraging inappropriate behaviour
- providing active supervision of students
- inclusivity of all
- differentiating learning content and tasks to meet the needs of all learners.

Responses to serious behaviours of concern

The NSW Department of Education [Student Behaviour policy](#) and [Suspension and Expulsion procedures](#) apply to all NSW public schools.

Responses to all behaviours of concern apply to student behaviour that occurs:

- at school
- on the way to and from school
- on school-endorsed activities that are off-site
- outside school hours and off school premises where there is a clear and close connection between the school and students' conduct
- when using social media, mobile devices and/or other technology involving another student or staff member.

• Intentional physical violence towards staff or students	• Intentional verbal abuse towards staff or students
• Intentional damage of school property	• Absconding from school

If the above occurs, executive staff will be called immediately to the classroom or playground and will deal with the specific incidents; in accordance with the NSW Department of Education

procedures. Executive staff will inform appropriate staff and parents of the outcome of such incidents.

Reporting and recording behaviours of concern

Staff will comply with reporting and responding processes outlined in the:

- [Incident Notification and Response Policy](#)
- [Incident Notification and Response Procedures](#)
- [Student Behaviour policy](#) and [Suspension and Expulsion procedures](#).
